The people of the Mount contribute to the sense of community on both campuses. There is truly a sense of family and camaraderie among students, faculty and staff.

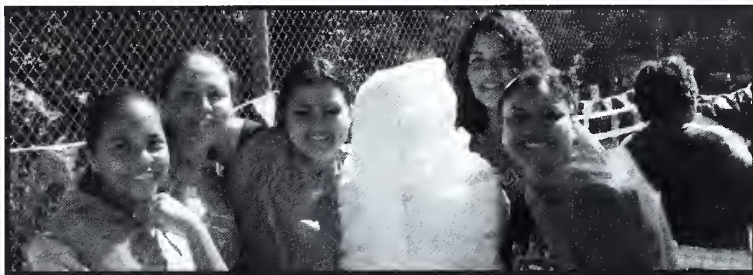

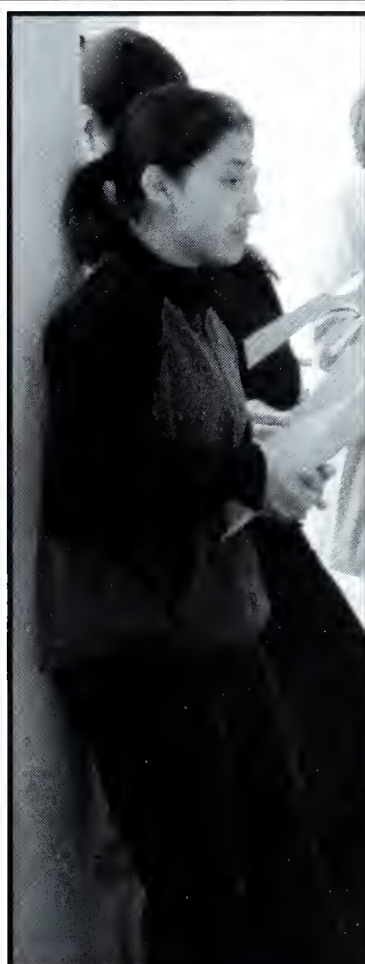

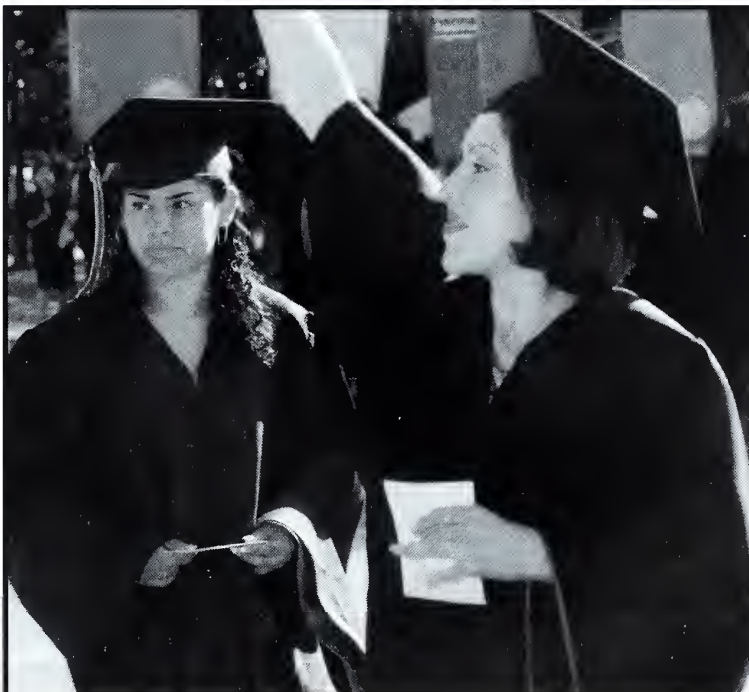

Athenians Start Early

Early Departure of Students

Early graduation for seniors is a great accomplishment. For many its an early embarkment into the professional world, while for others it is a well earned break before starting school again. The day is celebrated with a luncheon to which family and friends are invited to partake in the festivities. Just like the graduation in May, the graduates are presented their diploma by Dr. Doud.

Ari Easley and family wait for the presentation to begin.

Weekend College graduates also join in the fun.

Leslie Berru and company applaud the achievement of the graduates.

Families and friends share the joy of the luncheon.

Concha Duenas proudly smiles for the camera.

Kim Felix gets ready to enjoy the luncheon.

Sisters and students enjoy the ceremony for the graduates.

Eileen Corona and President Doud share the moment in a picture.

Division of Student Affairs

Dear Athenians,

What a remarkable year it has been! A turning point in the history of the United States and the world, September 11, 2001 brought all of us a sense of vulnerability, loss and shock, but also appreciation for the preciousness of every day life. The courage amidst grief and the call to unity, even with our differences, were hallmarks of our daily fare. Of course we pray that nothing like what we witnessed in New York and Washington DC will ever be repeated here in the United States or elsewhere in the world. But a kind of innocence has been lost. We, as a people, will never be the same.

And so we move forward into this brave new millennium, humbled and hopeful, and we struggle with how to make sense of things and how to do something to bring ourselves, our communities, our nation and our world to a place of peace and understanding. As members of the Mount St. Mary's College community, we are ever more appreciative of our diversity in all its expressions. We celebrate each other more intentionally. We seek ways to live our mission more fully, especially our commitment to use our knowledge and skills to better ourselves, our environment and the world. We are determined to find a way...

Congratulations to each of you for your pursuit of excellence, for your growth as a leader, for your commitment to service and for your participation in our college community and our larger society. We know that you are our future, that your care, creativity and character will be the cornerstones of a just society. We are so proud of you and all that you have done and will continue to do to make this world a better place. You are truly, our measure of success as a college and as a people of God.

Good journey Athenians!

Sincerely,

Action!!

At the Mount there was always something going on, from programs to educate others about different cultures, awareness programs or social events.

The First Weekend

Beginning a New Phase in Life

To ease the transition from high school to college, the Mount welcomes incoming freshmen with a weekend of fun, games and getting to know one another. The weekend helps freshmen to create new friendships that will often last throughout their time here. Older students act as orientation leaders and guide the freshmen through their first days of college. The weekend starts the year off on the right foot.

Angela Pham and friend join in the festivities.

Gracie Robles and Ashley Kramer sing to the "itsy bitsy spider."

Priscilla Parra, Leah Ramirez, and fellow classmates bond in freshman activities.

Silvia Ortiz and family enjoy their meal at the Mount.

Angelique Heilig, an orientation leader, talks to one of her freshmen during an activity.

Danielle Campbell gets help from her father to find her room.

Two Mount freshmen get to know each other.

Dr. Doud meets the parents of future Athenians.

Welcome to the Mount Home Away from Home

The Mount community welcomed incoming freshmen to a new stage of life. Freshmen enjoyed a weekend in which they could adjust to their new surroundings and meet fellow freshmen while engaging in fun activities. Returning Mount students were available to help the new students in any way they could. The weekend was full of emotions as parents said goodbye and students created new relationships.

The day finally arrived: what will go and what will stay?

Nobody said letting go would be easy.

Freshmen are finally presented to our school.

Decisions, decisions: what to eat.

Traditional mugging - freshmen are welcomed by our beloved alumni.

Masquerade At The Mount

Halloween Has Never Looked Scarien

Halloween is celebrated every year on the Doheny Campus. Traditionally, the campus is open to neighboring families and everyone is invited to take part in the "Haunted Campus" festivities. Students, faculty, staff, and the visiting neighbors always get into the spirit of the holiday and come dressed in a variety of costumes. Candy is collected on both campuses and then distributed as the children walk around the campus.

Wizards, princesses and rockers all come out to enjoy the fun on the Doheny campus.

Pink genies and blue fairies were among those who came to celebrate Halloween with the neighbors and pass out candy.

Cauldrons aren't only for witches, they are also useful for fairies passing out candy.

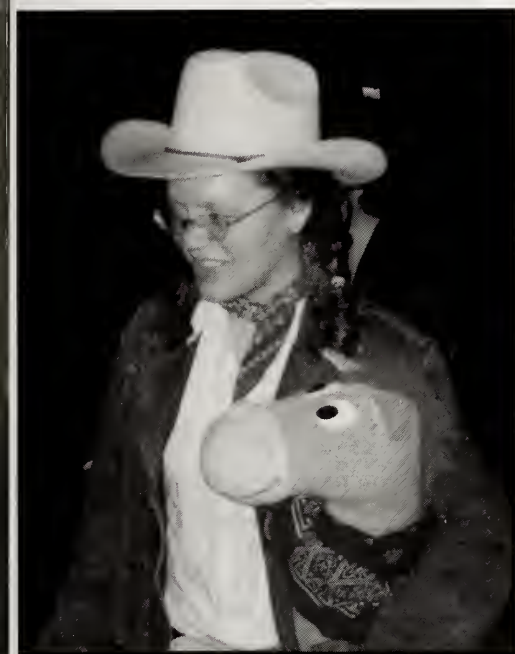

Even the Learning Center staff got into the spirit of the holiday.

Angeli and Rachel Santiago ham it up as opposites: a ferocious tiger and a heavenly angel.

Quality Time With Dad

Families Dance and Come Together.

The Father / Daughter Dance is held annually in the Mansion on the Doheny Campus. The evening gives daughters the opportunity to spend some quality time with their fathers as well as thank them for the love and support they have given over the years. The fathers are also given the chance to reciprocate. The dance is a time honored tradition which is often charged with emotions, for both the fathers and the daughters and there is usually not a dry eye in the house.

The Mother / Daughter Tea is an emotional event held to celebrate the special relationship between moms and their daughters. The afternoon activities include an opportunity for daughters to thank their moms for everything they have done for them while enjoying refreshments in the beautiful Mansion. This is a tradition that has stood the test of time. The Mother / Daughter Tea is an event that is looked forward to by all.

Jingle Bells In The Halls

Holiday Celebrations at the Mount

December festivities at the Mount include many different activities to bring the Christmas spirit to the students. This time of the year can be magical for many who partake in the on-campus activities. There are the happy holiday decorations all over campus, annual craft fair and the traditional picture with Santa. But at the Mount, posadas, gingerbread houses and the lighting of the circle is what makes the holidays memorable at the college.

Dr. Mari Wadsworth and staff join in the celebration.

Kicking For The Goal

Striving For The Cup

Once again the annual soccer tournament came to the Mount. This event brought both campuses together in a fun and friendly atmosphere of competition and camaraderie. Doheny and Chalon Athenians created teams who went head to head and competed for the number one spot, the winner would hold the Mount Cup title and be able to claim supremacy on the field. In the end only one can win but they both had a great time.

Shooting For Glory

Competing Against UCLA

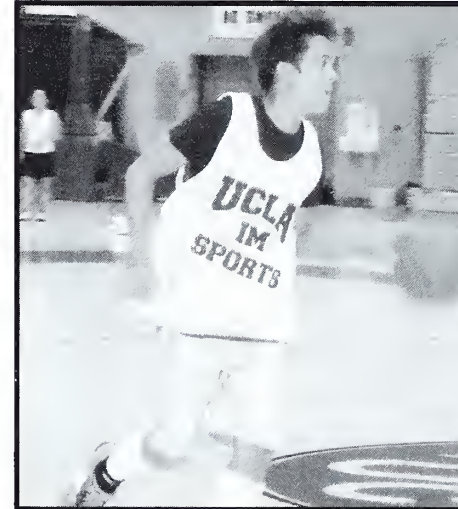

Sports have become an important outlet that has been made available to students through intramurals. A fifteen minute drive down to UCLA provided the opportunity to enjoy a fun game of hoops while giving Athenians the chance to meet other college students. The team was composed of staff and students who put in the time and hard work at practices and games to enjoy a successful season of intramural basketball against UCLA.

Dancing the Night Away

The Mount Gets Down in Style

The Chalon Associated Student Body knows how to throw a party and the Spring Formal was no exception. The formal served as a great opportunity for Mount students, who dressed to impress, to really let loose. For many, the night brought back fond memories of high school dances of the past. For all, it created new memories of a magical night, full of food, dancing and fun spent with friends and loved ones.

Doheny Royalty

The Mansion Hosts the Winter Ball

The Mansion on the Doheny Campus, including the beautiful gardens and elegant marble columns, is the perfect setting to crown a royal court, which is why the Winter Ball is held there annually. The dance gives the girls an excuse to dress in their best and dance the night away, all in a beautiful setting. The highlight of the night is when the court is crowned by the previous years court and includes tiaras and roses, making the occasion fit for a Queen.

Mount Olympics Come Alive

Battle Of Brain And Brawn

Students and staff wanting to have fun and show their spirit gathered at Chalon. Competition in wacky games included a tri-cycle race across the tennis courts, water-melon seed spitting, pushing a car up a hill and shooting hoops blindfolded. Racing across the pool and tossing water balloons refreshed the competitors on the hot sunny day. In first place came the Rattlesnakes, second the Gladiators and in third the A-Team.

Athenians Show Their Talent Dancing To Different Beat

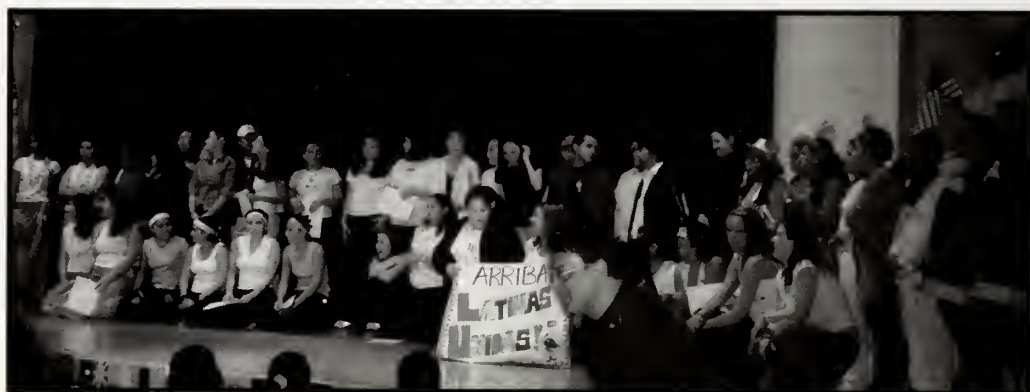

It is a night full of competition, expectations and excitement! A lot of preparation, rehearsal, time and coordination goes into five of the most nerve racking minutes of the semester - Multi Cultural Night. This is when all the clubs on campus show who and what they are to themselves and their fellow Athenians. Performances included dancing, acting, and a performance by a rock band. For the second year in a row Kappa Delta Chi won first place.

Once a year Athenians come together in the spirit of fun to party! This event is famously known as the Doheny Block Party. The streets on the Doheny campus are closed to allow music, dancing and food to take over the night. It is a welcomed release from the pressures of school, finals and term papers. It is a time when we can all let loose and party with friends in a fun atmosphere and leave worries behind, for at least one night.

Recognizing Student Leaders

A Ceremony for Campus Leaders

The Associated Student Body recognizes student leaders on campus with an awards ceremony. Students are honored for their hard work and involvement in on-campus clubs and activities. The evening includes a slide show of club activities and messages from organization leaders to fellow students. However, the highlight of the night is when the "Club of the Year" award is announced, a title which is coveted on campus.

Awarding Excellence

ISAE Gives Kudos to their Students

The ISAE Bravo Banquet is held every year to honor graduating students who are part of the ISAE program. At the banquet both campuses come together and celebrate the diligence and persistence of all the first generation college graduates. Special recognition is given to students who have been continuously involved in the program and professors whom are chosen by students for their dedication and great work.

The Circle Comes Alive

Relaxing With Fun and Games

Spring is a stressful time for everyone. As the year comes to a close, deadlines close in, and finals are soon upon everyone. To combat the stress there are activities put on in the circle for students to relax. The Associated Student Body sponsors a carnival with games, food, a DJ and a jumper while Health Services brings kittens and puppies onto campus for students to enjoy. These activities are highly anticipated by many of the students on campus.

Sigma Beta Delta

International Honor Society in Business, Management and Administration

The members of Sigma Beta Delta were honored this year by a request from administration to organize a Mind and Spirit event titled "Women Who Lead." Women leaders from the business world were invited on campus to come and speak to students about the challenges that they had faced in their lives and offered advice to the young women in the audience. The day was a great success for all who participated.

(My parents)

yea!

Queridos Padres, gracias por el apoyo que me han dado todos estos años como estudiante e hija. Espero seguir adelante y hacer de mi presente y futuro algo importante como ustedes lo han hecho para mis hermanos y yo. ¡Gracias, por ser mi ejemplo para existir y ser alguien en esta vida!

(I love you Mom and Dad)

To Carolina and Pilar, my older sisters, thank you for always being strong female role models and for inspiring me to continue with my education. You both walk the way, and I follow!

To Jhoanne and Loretta, my younger sisters, thanks for all the fun and not so fun times, that we have shared through laughs and cries. Jhoanne, you exemplify the strong, and determined women of today!

Loretta, you are "my shining star" and "little buddy." I truly enjoy our girl talks, especially when we discuss forbidden topics, like boys. Your sincerity and honesty makes you one of kind!

To Mario and Orlando, my younger brothers, I love you and always wish the best for you. Remember, always look to the present and never to the past!

Duane, my boyfriend, you have been a source of strength and energy when I needed it the most. I am glad that you let me be a part of your heart, mind and soul. I love you!

Mount St. Mary's College, thanks for all the good memories and experiences that have shaped me for life!
